

Claim 7, line 9: Delete "quenching" and insert therefor -  
-tempering--.

Claim 9, line 6: Delete "said" and insert therefor --a--.

Please amend claim 10 as follows:

I' 10. (Amended) An apparatus as in claim 7 [further including] wherein said means for supplying quenching gas includes a source of quenching gas and a connector for connecting the source of quenching gas to the quench tubes.

Please amend claim 12 as follows:

I 2 12. (Amended) An apparatus as in claim 11 wherein said means for reversibly driving the drive <sup>wheels</sup> ~~wheel~~ comprises a control and reversible drive electric motor operated by [the] said control.

Please amend claim 14 as follows:

I 3 14. (Amended) An apparatus as in claim 13 further including an adjuster for adjusting said spacer wheels to provide variable separation between said [platen] platens so that different thicknesses of glass sheets can be bent and [quenched] tempered therebetween.

Please add the following new claim 26:

I 4 26. Apparatus for uniformly tempering a glass sheet comprising: opposing upper and lower longitudinally extending, spaced apart quench tubes; means for moving the quench tubes to generally conform to the glass sheet; means connected to said movable quench tubes for movably engaging the glass sheets; and means to supply quenching gas through the quench tubes to uniformly temper a glass sheet therebetween.
